

ENGLISH **70'** SPECIFICATIONS

Overall Length Mt. 21.45
Hull Length Mt. 19.62
Beam max Mt. 5.22
Displacement half load Ton. 35
Hull draught Mt. 0.90
Draught under propellers Mt. 1.30
Fuel capacity Lt. 4000
Fresh water capacity Lt. 1000
Engines: MAN V10 HP.1100 - INVERTITORE Z-DRIVE - ZF 500 IV

STANDARD EQUIPMENTS

UPPER DECK

- Flags staff inox
- Waterproof speaker n.2 cockpit
- Anchor "Bruce" type 30 kg.
- Tv antenna "glomex" type
- Vhf antenna
- Antifouling paint
- No. 2 stainless steel cleats in the centre
- No. 2 Bow stainless steel cleats with fairlead
- No. 4 Cockpit stainless steel cleats
- Stainless steel fender
- Fibre glass side passageways
- Stainless steel protecting wickets on the cockpit
- Anchor chain 12 mm. length 100 m.
- Shore power plug 220V 50 Ah with 15 m. cable
- Cockpit sun pad pillows

Sky pillows for bow and stern sun pad
 Bow sun pad pillow
 Sofa with pillows in front of the sun pad
 Cockpit shower with warm and cold fresh water
 Chain storage with drainage
Hard Top with opening roof
 Upper deck and cockpit passageways lights
 Homologated navigation lights
 Cockpit lights
 Side cockpit furnitures and sink
 Stainless steel support for anchor
Hydraulic hiding gangway length 3,00 m.
 Foredeck hatch with curtain
Cockpit and platform teak floor
 Fibre glass platform
 Door with Polyester ladder for access to the platform
 Platform fibre glass door for access to the crew cabin
 Stainless steel door for access to the dinette
Side manual door on the right for access to the passageway from the pilot place
 Engine room and cockpit shutter
 Stern sun pad
 Stainless steel handrail diameter 30 mm.
 Fibre glass roll bar
 Bathroom stainless steel manual ladder with side hiding in the platform
 Stainless steel logo and boat name
 No. 1 water embarking port
 No. 1 water embarking port
 No. 2 fuel embarking ports
 Cockpit Wooden table with aluminium telescopic support
 No. 2 windscreen wipers with washers
 No. 2 stainless steel handrails
 Electric anchor winch (2000W 12mm) with console control and push button panel
 Tempered silk glass windows (8 mm. thickness)
 No.2 stern winches 700W

DINETTE

Saloon air conditioning
 Dining table
 Fabric or simil-leather sofa
 Halogen spot lights on the dinette sofa
 Halogen spot lights on the dining table
 Glass silk windows
 Dinette lights controls switches on console and in the entry
 Furniture with shelves
 Kitchen separating furniture with hiding Lcd26" TV
 Bar cabinet
 Wooden and fabric walls upholstery (according to the architect's choice)
 Carpet
 Stainless steel separating door cockpit/dinette
 Radio stereo with CD dolby surround
 Access ladder to the kitchen
 Access ladder to the bed rooms area
 Dining table seats n.2
 Pilot and co-pilot simil-leather driving seat on support
 Simil-leather ceilings
 Stereo with CD dolby surround
 Plissé curtains
Air conditioner thermostat

WHEELHOUSE CONTROL STATION

Engines instrument systems No. 2 speed indicators No. 2 Ps oil engines No. 2 water engine temperature indicators
 No. 2 Ps Oil inverter Rudder indicator Fuel level Water level Bi data speed log

Compass

Engines controls and electronic inverters**Bow propeller control**

Controls switches: Flaps Windscreen wipers with washers Manual and automatic bilge pumps Horn Windlass

Batteries

parallel with relais Consolle Engines starting up Engines stop Alarms Sailing lights Anchor lights

Vhf

12V. socket

No. 2 pilot and co-pilot seat

Shelf

Glasses and bottles holder in the bar cabinet

Driving place lights

Main board panel with magnetothermic switches

Stainless steel and wooden rudder wheel

Control panels, controls and switches made of painted LLA

Consolle with printed panels

Pilot place platform

KITCHEN

Built-in halogen spot lights

Exhaust hood

Combined microwave oven

Refrigerator with freezer 220 Litres

Built-in dish washer for 6/12 settings

Double stainless steel sink with mixer

Built-in plates holder cabinet with doors

Teak or other wooden parquet

12V 220V socket

Ceramic glass cooker with 4 gas burners

Stainless steel or Corian kitchen cover

Access ladder

Cupboards pensile furnitures with doors in wooden/laminate upholstery

Silk glass window

CENTRAL OWNER CABIN**Cabin air conditioning**

Cabin wardrobe with shelves and clothes hangings

Safe box

Drawers under the bed

Bed pillows

Break fast small sofa

Ceiling built-in halogen spot lights

Beds around frame

Light switches in the entry

Bed-head light switches and side spot lights

Double bed with wooden frame

No. 2 reading lights

Mattress

Low furniture with drawers

Stainless steel big porthole

Carpet

Wooden/fabric ceilings and walls

Wooden entrance door

Owner bathroom entrance door

Wooden shelf

Access ladder

Plissé or "venetian" type curtains

Bed quilt

Vanity with drawer and "pouffe"

OWNER BATHROOM

- Bathroom accessories
- Ceramic bidet with mixer
- Separated shower box with mirror
- Shower teak grating
- Built-in halogen spot lights with Bencore ceiling
- Users light switches on the ceramic wash-basin
- Automatic evacuation water shower
- Ceramic basin mixer
- Shower mixer with mast
- Wash-basin mixer
- Wooden wash-basin furniture with opening doors
- Stainless steel porthole
- Teak flooring
- Silk glass shower door with stainless steel frame
- Wooden entrance door
- 12V 220V socket
- Wooden and laminate bathroom and shower upholsteries
- Mirror with opening doors and painted shelves
- "Venetian" type curtains
- Corian, marble or wood bathroom horizontal top
- Ceramic toilet "TecmaTecma" type with ejection pump and control with built-in bidet
- Ceramic toilet type with ejection pump and control with built-in bidet

VIP CABIN

- Cabin air conditioning**
- Wooden wardrobes with two side clothes hangings bars
- Drawers under the bed
- Bed pillows
- Ceiling built-in halogen spot lights
- Beds around frame
- Lights switches in the entry
- Bed-head light switches and side spot lights
- Double bed with wooden frame
- No. 2 reading lights
- Mattress
- Stainless steel porthole n.2
- Stainless steel hatches with removal dimmer lid
- Carpet
- Wooden/fabric ceilings and walls
- Wooden entrance door
- Vip bathroom entrance door
- Side wooden shelf
- "Venetian" type curtains
- Bed quilt

VIP BATHROOM

- Bathroom accessories
- Separated shower box with mirror
- Shower teak grating
- Built-in halogen spot lights
- Users light switches
- Ceramic wash-basin
- Shower mixer with mast
- Wash-basin mixer
- Wooden wash-basin furniture with opening doors
- Stainless steel porthole n.1
- Teak flooring
- Plexi glass shower door with LLA hinges
- Wooden entrance door

12V 220V socket
Wooden and laminate bathroom and shower upholsteries
Mirror with opening doors and painted shelves
"Venetian" type curtains
Corian, marble or wood bathroom horizontal top
Ceramic toilet "Tecma" type with ejection pump and control with built-in bidet

GUESTS CABIN

Air conditioning
Armchair with door and inner clothes hanging, with shelves
Built-in drawer under the bed
Bedside table with switches
No. 4 bed pillows
Built-in halogen spot lights
Beds around frame
Lights switches in the entry
Bed-head light switches and side spot lights
Single beds with wooden frame and no. 2 built-in drawers
Bed-head lights
No. 2 mattresses
Stainless steel porthole n.1
Carpet
Simil-leather ceilings
Pensile furniture with wooden doors
Wooden entrance door
Bathroom entrance door
Wooden shelves
Fabric/wooden walls upholsteries
"Venetian" type curtains
No. 2 bed quilts

GUESTS BATHROOM

Separated shower box with mirror
Shower teak grating
Built-in halogen spot lights
Users light switches
Ceramic wash-basin
Shower mixer with mast
Wash-basin mixer
Wooden wash-basin furniture with opening doors
Stainless steel porthole n.1
Teak flooring
Wooden entrance door
12V 220V socket
Wooden and laminate bathroom and shower upholsteries
Mirror with opening doors and painted shelves
"Venetian" type curtains
Corian, marble or wood bathroom horizontal top
Ceramic toilet "Tecma" type with ejection pump and control with built-in bidet

STERN CREW CABIN

Air conditioning (option)
Armchair with wooden door and clothes hangings bar
Built-in halogen spot lights
Mattress around frame
Lights control switch
Single bed with wooden frame and below after peaks
Bed-head light with built-in switch
Mattress with pillow and quilt
Stainless steel porthole n.1

Rubber flooring
Fibre glass access door from the cockpit
12V 220V sockets
Wooden shelf
Laminate and simil-leather upholstery
Curtain

STERN CREW BATHROOM

Bathroom accessories
Shower teak grating
Built-in halogen spot lights
Lights control switches
Single wash-basin
Mixer with portable dispenser with support
Laminate wash-basin furniture with doors
Teak horizontal cover
12V 220V socket
Laminate and simil-leather ceiling upholstery
Mirror
Shower curtain
Traditional electric toilet

ENGINE ROOM

Motors cooling water suction valve and 3" waters filters in the engine room
No. 2 Shafts Diameter 70 mm
Mechanical seals on the shaft tube heads
Generator battery 70 Ah in protected case
No. 2 starting up batteries 220 Ah
No. 4 services batteries 210 Ah Gel
Boiler 80 Litres
Electronic battery charger 24V 80 Ah
Compressor capacity BTU 40000 for air conditioning system
No. 2 electric fans
Bow propeller 165 kg.
4 blades propellers
No. 1 automatic extinguishers system 9 kg.
No. 1 automatic extinguishers system 9 kg.
Spot lights
Fuel separator filters with collection cup
No. 2 engines cooling sea water filters
Pumps filters
Generator 9 kw.
Generator sea water filter n.1
No. 2 air supply grates
Toilet "Tecma" type installation with separated inlet pumps with sea water
Extinction installation FM200 Type
Flaps installation with console control
Servo steering rudders installation
Engines sound-damping with lead (thickness 30 mm.) and fibrall
Fuel interception with cockpit control
Air intake interception with cockpit console
Generator exhaust muffler
Engines fibre glass mufflers under the hull with minimum stern exhaust
No. 2 engines Man V10 Hp.1100 con Invertitore Z-Drive ZF 500IV
Batteries mechanical and automatic parallel
Double fresh water pump with electronic pression system
Automatic bilge – fire fighting pump with suction collector in each bilge area and stern and bow hose deviation
No. 3 automatic submersed bilge pumps
Fibre glass engine room door
220 V 50 Ah socket
Cathode protection
Alluminium ladder descending to the cockpit with teak steps

Water tank 1000 Litres
Fuel tank 4000 Litres
Shore supply water disconnecter
Battery switches
No. 2 bronze supports
No. 2 stainless steel rudders

STANDARD EXECUTIONS

Emergency stainless steel rod
Light buoy
Emergency case
Mooring ropes length 15 m.
No. 12 life jackets
Use and maintenance manual
Board instruments, accessories, engines and generator
No. 2 boat hooks
No. 6 fenders F3 type
Ring life jacket with floating rope length 30 m.
Weather station: barometer, hygrometer and watch
No. 1 gangway remote control
Stiff life raft Iso 9650 12 persons
Rockets and smoke producers kit 50 Mg.

INSTALLATIONS

24V Electric installation 80 Ah Battery charger 40 Ah Battery charger Engines starting up batteries group 2x220 ah
Service batteries group gel type 4x210 ah
Halogen lights in each area Manual and automatic batteries parallel Charge selector Battery switches for each group
220V Electric installation Generator 220V 9 kilowatt No. 1 shore supply sockets 220V 50 Ah with one electric cable length 15 m. 220V sockets in each area
Air conditioning and heating system BTU 40000 installed in the engine room with one fan coils control for saloon and cabins with sea water motor pump and valve, filter in the engine room
Double Fresh water pump installation 24V in the engine room equipped with electronic control pressure;
Water tank 1000 Litres with electric level sensor;
Boiler 220V 80 Litres in the engine room; Deck single embarking with stainless steel cap placed on the passageway;
Toilet washing independent pumps for each bathroom;
Warm and cold water installation for all bathrooms, kitchen, cockpit and front deck;
Cold water installation in the engine area;
Sea water chain washing installation with valve and connection in the anchor storage;
Bilges exhaustion installation:
No. 3 submersed motor pumps with manual and automatic control with switch and ignition
No. 1 manual pumps with distribution for the two bilges;
Bronze motor pump with manifold for each area and for the fire fighting system;
Grey waters installation with central tank for each bathroom, with 24 V motor pump, manual and automatic control, alarm floating, for kitchen, bathrooms wash-basins and showers, direct overboard discharge;
Black waters installation with central tank for each toilet, with 24 V motor pump, manual and automatic control, alarm floating, for bathrooms, direct overboard discharge;
Steering implantation with pump placed in the control place, servo assisted hydraulic gear case and stern starting up rudders cylinder; pressure hydraulic installation. no. 2 extinguishers 2 kg. in the cockpit, no. 1 automatic extinguishers 9 kg. in the engine room.
Fire fighting system equipped with no. 1 extinguisher weight 1 kg. in each indoor area, no. 2 extinguishers 2 kg. in the cockpit, no. 1 automatic extinguishers 9 kg. in the engine room.
